Full catalogue available on request

Stock / delivery / after-sales service / in-house finishing workshop

Possibility of special orders / projects / white label production

Personalized Account Management

Collection

KIZUNA

Designed by Mathieu Girard

[Kizuna] — Meaning in Japanese : *bond, connection*. A link between past and present, Japanese and European cultures, tradition and modernity.

[Kizuna, a collection that invites connection and appropriation.]

FOUNDING PRINCIPLES: • *A meeting of tradition and modernity* — echoing ancestral craftsmanship reinterpreted for today. • *A dialogue between two cultures* — Japanese know-how and European design language. • *The art of connecting* — human to human, object to human, object to object. • *Modularity and freedom of composition* — shaping one's own language, for architects, decorators, and users alike. • *Bridging cultures, spaces, and people*.
